

## Agenda of the 2026-04-02 online meeting

1. Feedback from ICG IOAG Workshop (P. Defraigne, M. Sekido)
2. Modification of the CGPM draft resolution (P. Tavella)
3. Feedback from the IAG-IAU working group on Lunar Reference Frames about the geoid. (P. Defraigne)
4. FAQs: Please, can you read them before the meeting so that we can discuss only the open issues (All)
5. One of the open issues is certainly to agree on : - what could be called TCL(k) or TL(k) ? - should we anticipate a coordinated TCL/TL ? How to define it?
6. News from each space agency/country involved (All)

The workshop will take place on-line from 13h to 15h UTC, registration link:
