

28 Feb. 2018

To: Members and invited experts of the CCTF Working Group (WG) on TWSTFT

Dear colleagues,

This is the second announcement for the 26th Meeting of the CCTF WG on TWSTFT. The meeting will be held on 7-8 June 2018 at the Central Office of Measures (GUM), Warsaw, the capital of Poland.

Sessions will be organized as follows:

7 June (Thursday):

Morning (9h00:12h30) – WG on TWSTFT

Afternoon (13h30:17h30) – WG on TWSTFT

8 June (Friday):

Morning (9h00:12h30) – WG on TWSTFT

Afternoon (13h30:16h00) – Discussion and lab tour

Please send your registration form to the local organizer: Dr. Albin CZUBLA (a.czubla@gum.gov.pl). *The deadline of the registration is 31 March 2018.* Early registration will facilitate the organization work.

Here is a list of tentative topics on the meeting agenda:

- Invited talks: Dr. Wlodek Lewandowski (Director of GUM) and Dr. Patrizia Tavella (Director of the BIPM Time Department);
- Participating station annual report. Please include all the TWSTFT and GNSS calibration in your report;
- The pilot study on using Software Defined Radio Receiver (SDR) for TWSTFT. All participants of the pilot study are invited to submit a talk;
- Calibration of SATRE and SDR TWSTFT links;
- Status of the Europe-Asia TWSTFT links;
- Status of the Europe-Europe and Europe-USA TWSTFT links;
- Development of digital TWSTFT modems;
- Use of the redundancy in the UTC time link network for accurate TWSTFT;
- Long-term and short-term stabilities of the TWSTFT and GNSS time links;
- Others

Please submit your suggestions for the meeting agenda to Victor ZHANG (victor.zhang@nist.gov) and Zhiheng JIANG (zjiang@bipm.org). The deadline for submitting the topic(s) to the meeting agenda is the 15 May 2018.

We sincerely thank Dr. Albin CZUBLA for providing the detailed information for the meeting! The local information is attached to the announcement.

We are looking forward to meeting you in Warsaw.

Victor ZHANG and Zhiheng JIANG
Chair and Secretary of the CCTF WG on TWSTFT
