

Request/Agreement Form for Calibration of Standard Resistors				Bureau International des Poids et Mesures Quality Management System
Author: Benjamin Rolland	Date: 2021/06/10 Version: 2.4	Authorized: Michael Stock	BIPM/ELEC-F-03	

Request/Agreement for Calibration of Standard Resistors

Name of National Metrology Institute as it should appear on the certificate:

Person to contact for technical information:

Telephone: email:

Description of Standard Resistors							
Serial Number	Manufacturer	Model Number	Nominal Resistance	Temperature Coefficients		Pressure Coefficient 10 ⁻⁹ /hPa	Last BIPM Certificate (No./year)
				α ₂₃ * in 10 ⁻⁶ /K	β in 10 ⁻⁶ /K ²		

* For different α temperature reference please notify.

Probable agreed Date of Delivery to the BIPM:

Electronic certificates will be issued (paper version can be issued upon request).

Select language of the certificate:

Address to which the certificate shall be sent:

Indicate method for customs documents and formalities:

Please send this form filled and signed to brolland@bipm.org to formalize the calibration. You will shortly receive instructions for shipping the standards and the form **ADM-DOU-T-01**, which shall be completed and returned duly signed to the BIPM at least 2 weeks before shipping or carrying the standards.

Official Authorizations:

Signature of the Director or delegated officer of the National Metrology Institute designated by a Member-State of the Meter convention authorizing a free calibration:

Signature: _____ Date: _____

On the part of BIPM, I agree to carry out the calibration requested above:

BIPM Physical Metrology Department Director: _____ Date: _____
