Review of the Implementation and Operation of the CIPM MRA

- An MRA Review Workshop was convened, 13 – 14 October 2015
- Workshop attendees included NMI Directors, representatives of Member States, representatives of RMOs and other relevant stakeholders
- Workshop appointed the Working Group on the Implementation and Operation of the CIPM MRA (finally 19 + 3 invitees)
- Four Sub-Group identified to consider specific questions posed by the Workshop
- Working Group met formally at BIPM on 14 – 15 March 2016
- Report prepared and sent to NMI Directors for comment on 2 June 2016
- Final Report 23 August 2016
- 28 Recommendations and sub-recommendations, 13 involving specific actions for CCs
- This presentation summarizes the specific actions identified for CCs

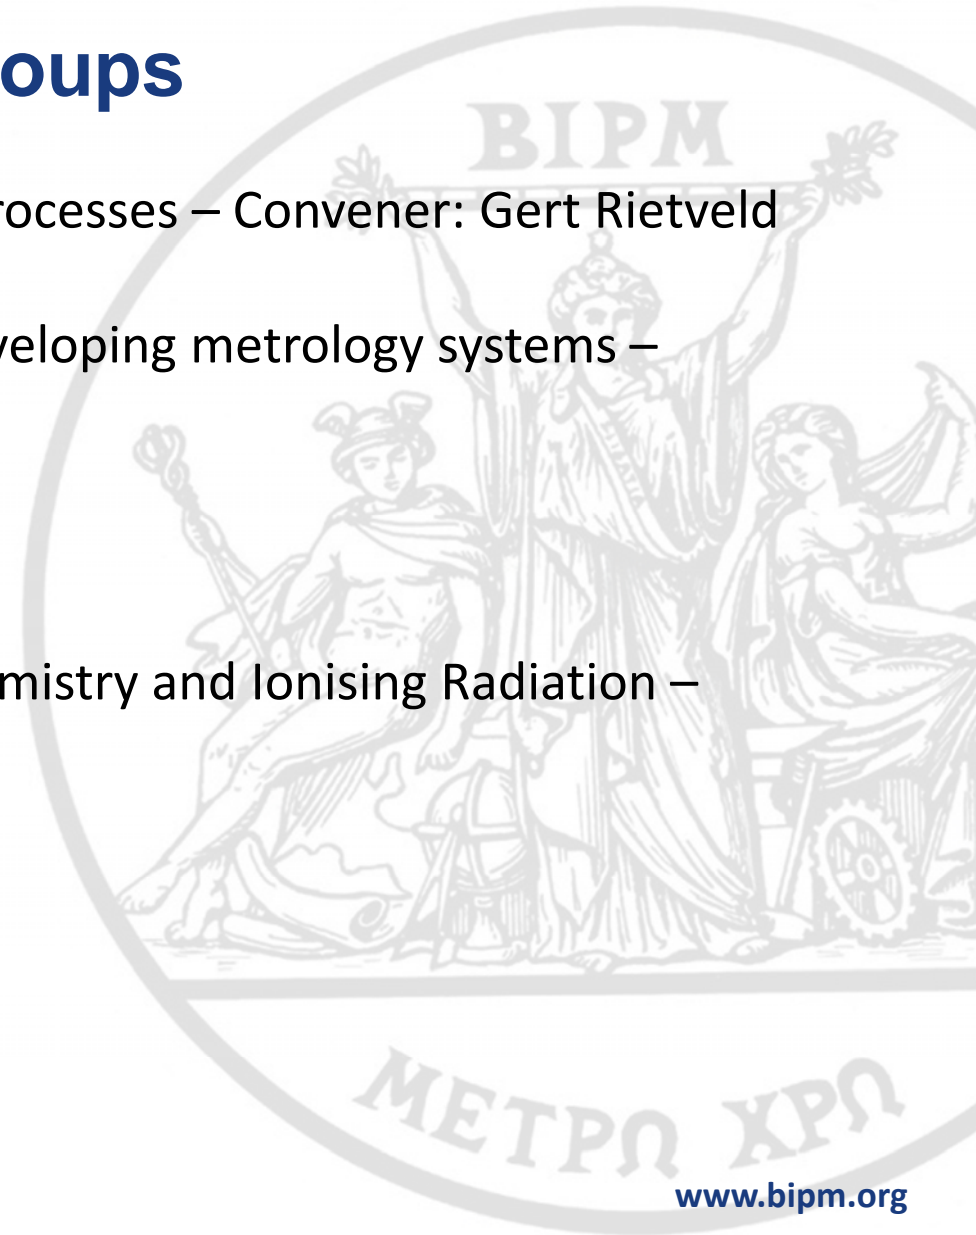

Four Sub-Groups

Sub-Group on the Management of the KC and CMC processes – Convener: Gert Rietveld

Sub-Group on Mechanisms to support States with developing metrology systems –
Convener: Martyn Sene

Sub-Group on Governance – Convener: Peter Fisk

Sub-Group on specific issues relating to CMCs for Chemistry and Ionising Radiation –
Convener: Willie May

Way Forward

ACTORS

- NMIs
- CIPM
- CIPM Consultative Committees
- Working Groups of the Consultative Committees
- Working Groups of the Regional Metrology Organisations
- JCRB
- BIPM

Way forward on implementation of MRA Review Recommendations

- Many actions are already in progress
- Establish a CIPM ad hoc sub-committee to oversee implementation of MRA Review recommendations and report back to meetings of NMI Directors and Government Representatives .
- Arrange a meeting between the CIPM ad hoc Committee and JCRB to discuss governance and other issues, at the next JRCB meeting planned for March 2017
- Address/monitor progress on Recommendation issue at regular CC President meetings
- Encourage the RMOs and NMIs to progress their actions

Thank you!
