

Sèvres, 17 August 2006

To the CCTF WG on TWSTFT mailing list.

Dear Colleagues,

As announced earlier 14th Meeting of the CCTF Working Group (WG) on Two-Way Satellite Time and Frequency Transfer (TWSTFT) will be held on 10-12 September 2006 at the Paris Observatory (OP), Paris, France (www.obspm.fr). Local organizer is Joseph Achkar (joseph.achkar@obspm.fr).

All practical information about the meeting can be found on BIPM TWSTFT site: <http://www.bipm.fr/wg/AllowedDocuments.jsp?wg=TWSTFT> in "WG 14th Meeting".

According to the commitments received until now, Meeting Agenda looks as follows:

Sunday 10 Sept: 14:00 - 18:00 Participating Station Reports

Monday 11 Sept: 09:00 - 12:00 Technical Reports

PTB - Experiments with different chip rates (Dirk Piester)
INTELSAT - Status Report (Phil Whitacre)
Galileo use of TWSTFT (ESA or PTB)
TimeTech - Latest Developments
BIPM - (W. Lewandowski)

12:00 - 13:30 Buffet lunch

14:00 - 18:00 Discussion on Intelsat Cost Sharing in Europe and North America

19:30 Dinner in Paris Latin Quarter (Cathedral Notre-Dame neighbourhood)

Tuesday 12 Sept: 9:00 - 12:00 Any other business, and Tour of OP

12:00 - 13:00 Sandwich lunch

13:00 Departure to BIPM

To submit any other topics to the meeting agenda you should contact Bill Klepczynski, Chairman of the WG (wklepczy@comcast.net), or myself (wlewandowski@bipm.org). Final agenda will be provided soon.

Meeting will be held in historic building of Paris Observatory in Council Room. Lunch will be served in the same building in Cassini Room. Lunches and dinner will be offered by LNE-SYRTE.

If you did not do it already, please notify as soon as possible local organizer Joseph Achkar about your participation. Early notification will facilitate organization of the meeting.

With my best regards,

W. Lewandowski
Secretary of the CCTF WG on TWSTFT
