

AQMLM biennial activity report

All JCTLM Members are invited to attend the Members' and Stakeholders' Meeting, which is held once every two years, and submit a report of their activities in support of traceability in laboratory medicine over the preceding period.

For that purpose this template document provides guidance to JCTLM Members for drafting their biennial activity report. Organizations are invited to provide the information below for submission to the Executive Committee.

Organization Name: AQMLM

JCTLM Member status: Stakeholder Member

Author(s): Jonathan Middle

Author(s) email(s): drjgmiddle@gmail.com

Period covered: 2024 – 2025

AQMLM is a not-for-profit membership organization for staff in medical laboratories, diagnostic manufacturers and accrediting organisations who have an interest in quality management. We mainly support item 3 in the list below by holding regular educational [webinars](#) on all aspects of quality management, including metrological traceability, measurement uncertainty, standardisation, reference measurement systems. In addition, one of our Directors sits on ISO TC212 WG2, writing and revising standards in this field.

Note: The information of this report will be accessible publicly on the relevant JCTLM Members webpage, unless the author of the report states otherwise. In the case the organization does not authorize the publication of the report in part or full, the author will add a statement to clarify which part(s) of the report will /will not be rendered public.
