DOTATION OF THE BIPM

At its 25th meeting (November 2014), the General Conference on Weights and Measures (CGPM) adopted Resolution 4 on the annual dotation of the International Bureau of Weights and Measures (BIPM) for the years 2016 to 2019, which sets it as follows:

2016:	11 980 000 Euros
2017:	11 980 000 Euros
2018:	11 980 000 Euros
2019:	11 980 000 Euros.

CONTRIBUTIVE PARTS IN 2019

The bureau of the International Committee for Weights and Measures (CIPM) has the honour to send Member States the Table of the Contributive Parts for 2019 (as given on the following page).

The repartition of the dotation for 2019 is based on the Scale of Assessments for the apportionment of the expenses adopted by the United Nations (UN) General Assembly in December 2015 for the years 2016 to 2018, i.e. the scale in force when calculating the table of the contributive parts for 2019. As the scale of assessments applicable for 2019 onwards will be adopted in December 2018 by the United Nations General Assembly, and published in early 2019, corrections of the contributive parts of the year 2019 will be taken into account in the Notification of the contributive parts for the year 2020.

Those Member States marked with an asterisk in the Table of the repartition of the dotation pay the maximum or minimum contribution. Except for these States, the repartition percentage is calculated by multiplying the current UN scale by 1.178.

PAYMENT TERMS

The bureau of the CIPM recalls that, according to Article 10 of the Metre Convention, the contributive parts shall be paid *at the beginning of each year*. Drawn up in Euros, they are payable in Euros, or in any other currency convertible to Euros. Payment should be net of charge for the BIPM.
